Our New Semi-Automatic Telephone System

Now in use in the city is ten years ahead of the times. Here is how it behaves: As soon as the operator understands the number you are calling you will instantly hear in your receiver the first ring. If your party does not answer this ring you will hear each subsequent ring every nine seconds. You are thus able to ring your party as long as you desire by simply waiting. If the line you are calling is busy you will instantly hear the hum of the busy signal. If you want to call a second number, one motion of the receiver hook will bring a sure response from the operator.

No loss of time. No "butting in" on your connection by the operator. No danger of being shot in the ear by the ringing current. No eavesdropping by the operators. 1550 subscribers.

Give us your order for a telephone today.

**TEUTONIC ARMIES
PROGRESS IN WEST**

AUSTRO-GERMANS ARE DRIVING EASTWARD FROM WARSAW. TAKE PRAGA.

ALLIES FAVORED IN WEST

Interest Centered Upon German Successes Around Warsaw—Germans Capture Crops.

London.—While the Austro-German armies made fresh progress against the Russians, the conflict in the west swung in favor of the Allies. Sir John French reported that in a fierce artillery engagement the British and French captured trenches at Hooze, along a front of 1,200 yards.

The occupation of Praga reported by Berlin, brings to a climax the first phase of the German drive eastward from Warsaw. Praga is essentially a part of the capital with great railway stations on the roads running up to Petrograd and Moscow. Few details have been received of the final Russian stand at Praga but indications are that withdrawal became imperative to escape from the German lines radially drawing together in the rear.

Warsaw is now the apex of a vast letter V, the arms of which are the River Narew on the north and the Vistula on the South. The German lines spread along these rivers are contracting gradually as the armies in the north and those in the south approach each other. The strip of territory across which the Russians may withdraw to safer positions now is hardly more than 30 miles across.

Besides this enveloping movement immediately east of Warsaw, Berlin reports a steady hammering at the great Russian fortresses of Kovno and Lomza, whose chief significance is their proximity to the lines of railway communications to Petrograd. Novogeorgievsk is the only place west of Warsaw at which a Russian garrison remains and its fall seems important.

The attitude of the Poles towards the new German regime is arousing deep interest for the occupation of Warsaw units for the first time three branches of the Poles heretofore divided among Russia, Germany and Austria. Under the Russian regime Poland has been a hot-bed of disorder.

AMERICA WILL ACT ALONE.

Will Not Join With Sweden in Protest to Great Britain.

Washington.—The United States will continue to act alone in representations to Great Britain regarding neutral trade. Negotiations begun by the Swedish legation here looking to a concerted protest by neutrals have brought no results.

The latest Swedish proposal contemplated identical notes of protest by neutrals.

The state department already had rejected a previous suggestion by Sweden for a joint note. Some details of the Swedish position as to trade interference by Great Britain, it is said, are inconsistent with contentions of the American notes to London. Reports of strong German sympathies in Sweden also are believed to have been considered by the state department.

Seaboard Buys C. & W.

Baltimore.—A special meeting of the directors of the Seaboard Air Line Railway was held in Baltimore to take action upon a comprehensive financial plan worked out and proposed by the chairman of the board, S. Davies Warfield, and as a result it is stated that the financial structure of the railroad will be so remodeled as to enable it to secure the best financial results in the sale of its securities and the Seaboard and tributaries welded into a compact, enlarged and improved system. In addition to the working out of the plan Mr. Warfield has negotiated the sale and exchange of \$22,893,000 bonds thus carrying his plans into practical immediate effect.

Mr. Warfield's program which was adopted by the directors is far-reaching. It includes the addition to the system by consolidation and considerable new mileage adding two additional seaports and secures second track over an important part of the system. The plan simplifies the financial side and will permit the fullest development of the property. The new company will execute a mortgage authorizing an issue of \$300,000,000 bonds of which there will now be issued \$25,643,000 series A, \$2,750,000 of which will be retained in the treasury.

General Goethals Quits Nov. 4.
New York.—Gen. George Goethals' resignation as governor of the Panama Canal Zone recently sent to Washington designates November 4 as the date of his retirement according to announcement made by him on his arrival here. He resigned because he believes his work in Panama is done now that the canal is operating satisfactorily. Gen. Goethals has spent seven years in Panama. Should his resignation as governor be accepted he said he still will retain his commission in the army.

**FOUR DROWNED IN
CAPE FEAR RIVER**

DR. J. M. CALDWELL, CLELL CALDWELL, DR. J. H. BORNEMANN AND GERMAN.

ALL WERE PROMINENT MEN

Motor Boat Capsizes as Party Goes on Visit to Interned Vessels at Wilmington.

Wilmington.—The treacherous Cape Fear River added another tragedy to its long list shortly after midnight when Dr. Morris M. Caldwell, his brother, Clell Caldwell of New York, who was visiting him, Dr. J. H. Bornemann and Chief Engineer Harwell of the German steamer Nicaragua, interned here, were drowned. The small motor boat in which they were crossing the river to visit the two interned German steamers, the Nicaragua and the Kiel, capsized in midstream opposite the foot of Grace street.

Chief Engineer Reimers of the steamer Kiel, the fifth member of the party, was the only one to be saved. He is a good swimmer and reached some piling which he clung to until Captain Hollasch of the Nicaragua in response to calls for help, went to his assistance in a small boat.

Although the river has been thoroughly dragged for several blocks and searching parties have been out all day none of the bodies has yet been recovered.

Doctors Caldwell and Bornemann and Mr. Caldwell were seated in stern of the boat. The boat was low down in the water and the slightest tilt would have caused it to take in water. It is thought that one of the men raised up causing the boat to dip. Owing to the weight of engine and small size of the craft a little water caused it to go to the bottom instantly.

The tragedy has cast a gloom over the entire community. Thousands of people lined the river front all day watching the large number of boats engaged in dragging the river for the bodies.

CUSTOMS OFFICES SEIZED.

Caperton Reports Business Conditions in Haiti Improving.

Washington.—Rear Admiral Caperton, commanding the American naval forces in Haiti, reported that he had taken over the administration of the customs office at Cape Haitien and had placed Paymaster Charles Morris of the cruiser Wilmington temporarily in charge. No mention was made of the reported seizure of the customs office at Port au Prince.

Business conditions in Cape Haitien, the dispatch said, were improving and there was an apparent disposition among the natives to support the city government being reorganized by Admiral Caperton.

The Admiral's dispatch reported the arrival of the Haitian gunboat Nord Alexis at Port au Prince with 800 disarmed Haitian soldiers, who were escorted to their homes by American marines after pledging themselves to keep the peace.

Our Navy Advisory Board.

New York.—The American Society of Aeronautical Engineers announced the appointment of Henry A. Wise Wood, its president, and Elmer A. Sperry, its vice president, as members of the navy advisory board of inventors.

A special committee sub-divided into three groups, was appointed by the society to co-operate with Mr. Wood and Mr. Sperry. The groups and members are:

Theory and Construction of Aero planes and Aeronautical Motors, Orville Wright, Glenn H. Curtis, W. Starling Burgess, and Charles M. Manly.

Application of Aircraft for Warfare, Peter Cooper Hewitt, John Hays Hammond, Jr., and Joseph A. Steinmetz.

Dirigible Balloons and Parachutes, Thomas H. Baldwin, A. Leo Stevens, Ralph H. Upson and Raymond B. Price.

Protect Atlantic Seaboard.

Newport, R. I.—The Atlantic fleet is again to be put to the test of protecting the Eastern seaboard from invasion by a supposed foreign fleet. Admiral Frank H. Fletcher, its command, announced that officers of the naval war college were at work mapping out the problems of another war game to take place after the target practice in Narragansett Bay next fall. According to Admiral Fletcher the maneuvers will be based on lessons derived from the mimic war of last June.

Cotton Crop Off.

New Orleans.—In a final report on the cotton crop of 1914-15, H. G. Hester, secretary of the New Orleans Cotton Exchange, shows that while 17,004,000 bales were grown the commercial crop was only 15,108,111 bales and that the value of the crop, including seed, was \$749,384,978 as against \$1,134,444,114 for the preceding crop. The crop is spoken of as running remarkably even in grade, averaging middling without a super-abundance of either the higher or the lower grades.

**CALOMEL SICKENS! IT SALIVATES!
DON'T STAY BILIOUS, CONSTIPATED**

I Guarantee "Dodson's Liver Tone" Will Give You the Best Liver and Bowel Cleansing You Ever Had—Don't Lose a Day's Work!

Calomel makes you sick; you lose a day's work. Calomel is quicksilver and it salivates; calomel injures your liver.

If you are bilious, feel lazy, sluggish and all knocked out, if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of harmless Dodson's Liver Tone instead of using sickening, salivating calomel. Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular. You will feel like working. You'll be cheerful; full of vigor and ambition.

Your druggist or dealer sells you a 50-cent bottle of Dodson's Liver Tone

under my personal guarantee that it will clean your sluggish liver better than nasty calomel; it won't make you sick and you can eat anything you want without being salivated. Your druggist guarantees that each spoonful will start your liver, clean your bowels and straighten you up by morning or you can have your money back. Children gladly take Dodson's Liver Tone because it is pleasant tasting and doesn't gripe or cramp or make them sick.

I am selling millions of bottles of Dodson's Liver Tone to people who have found that this pleasant, vegetable, liver medicine takes the place of dangerous calomel. Buy one bottle on my sound, reliable guarantee. Ask your druggist or storekeeper about me.

Where Brass Is Made.

Eighty-two per cent of the brass industry of this country is in the territory around Waterbury, Conn. The prices 55 to 60 per cent of that of the world.

**OFFICER CARROLL CURED
OF BAD CASE OF ECZEMA**

He writes from Baltimore as follows: "I am a police officer and had long suffered from a bad case of Eczema of the hands and had to wear gloves all the time."

"I was under treatment by eminent physicians for a long time without success. Last summer Hancock's Sulphur Compound and Ointment were recommended to me and my hands improved on the first application. After a week's trial I went to the Johns Hopkins Hospital to have my hands treated with X-rays. Under their advice, I continued to use your Sulphur Compound and Ointment for 6 or 8 weeks, and at the end of that time my hands were cured. I cannot recommend your preparations too highly." (Signed) John T. Carroll.

Hancock's Sulphur Compound and Ointment are sold by all dealers. Hancock Liquid Sulphur Co., Baltimore, Md.—Adv.

Getting Back at Him.

An ostentatious member of a certain county council whose father is well known as a retired omnibus driver, was one day displaying a large seal he usually wears representing St. George and the dragon, and while several bystanders were expressing their admiration of it, its owner remarked in solemn tones:

"Aw—one of my ancestors is—aw—supposed to have killed the dragon—aw—don't you know?"

"Dear me," inquired one of his hearers, who knew something about him, "did he run over it?"—Tit-Bits.

Illustration.

"That girl ahead of us reminds me of a flower, but I can't recall just what one."

"Oh, look! She's just tripped on a banana peel!"

Probably.

Many a rich man will probably find it as difficult to enter the kingdom of heaven as he finds it easy to keep outside a mundane jail.

Over a Thousand.

In one week more than a thousand women in London applied to one large agency for employment as waitresses.

Japanese government experts have succeeded in raising tobacco in Korea from American seed.

**NO IDEA
What Caused the Trouble.**

"I always drank coffee with the rest of the family, for it seemed as if there was nothing for breakfast if we did not have it on the table."

"I had been troubled for some time with my heart, which did not feel right. This trouble grew worse steadily."

"Sometimes it would beat fast, and at other times very slowly, so that I would hardly be able to do work for an hour or two after breakfast, and if I walked up a hill, it gave me a severe pain."

"I had no idea of what the trouble was until a friend suggested that perhaps it might be coffee drinking. I tried leaving off the coffee and began drinking Postum. The change came quickly. I am glad to say that I am now entirely free from heart trouble and attribute the relief to leaving off coffee and the use of Postum."

"A number of my friends have abandoned coffee and have taken up Postum, which they are using steadily. There are some people that make Postum very weak and tasteless, but if made according to directions, it is a very delicious beverage." Name given by Postum Co., Battle Creek, Mich.

Postum comes in two forms: Postum Cereal—the original form—must be well boiled. 15c and 25c packages.

Instant Postum—a soluble powder—dissolves quickly in a cup of hot water, and, with cream and sugar, makes a delicious beverage instantly. 30c and 50c tins.

Both kinds are equally delicious and cost about the same per cup.

"There's a Reason" for Postum.

—sold by Grocers.

Gas Plate.

If a gas plate is used you will find a cupboard with shelf for plate on top will be very handy, as the oven can be kept there and always there when wanted. With a door and made of finish to match your kitchen, it will be a great addition as well as help.

**FINDS A CURE
FOR PELLAGRA**

Harvey, La.—Mrs. S. W. Spruiell, of this place, writes: "I suppose it will be a great pleasure to you to know that you cured my child. She had pellagra very bad and the doctor said she never would get well. She is well of pellagra and looks fine."

"You may use this letter as a testimonial if you wish. Great benefit have you done my daughter, Mindie Abrams."

There is no longer any doubt that pellagra can be cured. Don't delay until it is too late. It is your duty to consult the resourceful Baughn.

The symptoms—hands red like sunburn, skin peeling off, sore mouth, the lips, throat and tongue a flaming red, with much mucus and choking; indigestion and nausea, either diarrhoea or constipation.

There is hope; get Baughn's big Free book on Pellagra and learn about the remedy for Pellagra that has at last been found. Address American Compounding Co., box 2090, Jasper, Ala., remembering money is refunded in any case where the remedy fails to cure.—Adv.

Contrary Consequence.
"That girl doesn't light up well."
"She doesn't, but keep it dark."

To be good, according to some people, is to be a hasbeen.
